He was born and raised in central Texas, and now lives in Austin with his wife, two kids, and two cats. He's addicted to travel and the outdoors and loves hiking wherever he goes, so long as he has a taco in one hand and an Android phone in the other.Shruti Shekar, Managing EditorSource: Android Central (Image credit: Source: Android Central)Shruti Shekar is Android Central's senior technology and telecom reporter and also the second Canadian on the team. She was born in India, brought up in Singapore, but now lives in Toronto and couldn't be happier. She started her journalism career as a political reporter in Ottawa, Canada's capital, and then made her foray into tech journalism at MobileSyrup and most recently at Yahoo Finance Canada. When work isn't on her mind, she loves working out, reading thrillers, watching the Raptors, and planning what she's going to eat the next day.Brendan Griffiths, eCommerce Content DirectorSource: Brendan Griffiths (Image credit: Source: Brendan Griffiths)Brendan oversees content strategy for our buying guides and deal pages here at Android Central and also iMore and Windows Central. He's a former freelance games journalist, then the first-ever Deals Editor for TechRadar, and then the Managing Editor of eCommerce & Hardware at GamesRadar before joining us.When he's not rummaging through online sales or trying to appease the Google algorithm you'll find him binging boxsets and Game Pass titles, testing PS5 SSDs, and trying to decide which phone he loves more between the Fold 3, Flip 3, and Note 20 Ultra.Michael Hicks, Senior Editor — AR/VRSource: Android Central (Image credit: Source: Android Central)Michael is a former ebook dev turned tech writer whose career arc took him from VR to wearables, emerging tech to mobile, before arriving at the world of Android. Outside of work he loves sports teams that disappoint him (Go Sharks, A's and Golden Bears!), D&D and Star Wars RPG campaigns, SFF novels, long runs, gaming on consoles and PC, and baking. During work, he'll do his best to make sure he doesn't recommend any product unless he'd regularly use it himself.Jerry Hildenbrand, Senior Editor — Google EcosystemSource: Android Central (Image credit: Source: Android Central)Jerry Hildenbrand is a Linux Professional, aging hippie, and recovering engineer who would always rather be fishing. While not fishing, he's the editor in charge of touching things until they break, trying to figure stuff out, and the consummate Android expert. Jerry thinks the black jelly beans are the best and wears sneakers he bought in 1996. Born and raised in South Florida, Jerry now resides in a bunker somewhere in the mountains of West Virginia.Read: Jerry's articlesTwitter: @gbhilEmail: jerry.hildenbrand@futurenet.comHarish Jonnalagadda, Senior Editor — AsiaSource: Android Central (Image credit: Source: Android Central)Harish Jonnalagadda tries to make sense of the befudding maze that is the Asian smartphone industry. Before switching to phones, he used to write about PC hardware, covering motherboards and video cards. When he's not playing with the latest phones, he's either reading on his Kindle or trying to clear his backlog of games on Steam. He can also be found shouting at the TV over the weekends at Arsenal and McLaren's continued woes.Derrek Lee, News EditorSource: Android Central (Image credit: Source: Android Central)Derrek resides on the Best Coast, originally from San Diego, and now living in Seattle. He's a long-time mobile tech enthusiast, starting with an obsession with Nokia that began at the age of 12. Since then, he's been lovingly known by most of his friends as the "Phone Guy." When he's not talking tech, he's either working out, hiking, playing video games (Playstation), or making videos.Andrew Myrick, Senior Editor — Chromebooks and TabletsSource: Android Central (Image credit: Source: Android Central)Andrew is a contributor with Android Central and is ready and willing to talk about all things Ravens, Caps, Orioles, UFC, and whatever new tech is being released at the time. Andrew drinks way too much coffee, but it's what keeps the motor going on a daily basis. You can find him lurking on Twitter from time to time, but usually, he's just rewatching Star Wars for the umpteenth time, even if it's just on in the background.Read: Andrew's articlesTwitter: @andymyrickInstagram: @gingerbeard42Nick Sutrich, Senior Content Producer — SmartphonesSource: Android Central (Image credit: Source: Android Central)Nick started with DOS and NES and uses those fond memories of floppy disks and cartridges to fuel his opinions on modern tech.
